## Activity Report for A.Y. 2025-26

# An expert talk on the National Education Policy (NEP) 2020

Academic Year	2024-25
Thrust Area	Celebration Activity
Title of Program/Activity	An expert talk on the National Education Policy (NEP) 2020
Date and Time	29/07/2025 1:00 pm to 3:00 pm
Faculty Coordinator Name	Prof. Manisha Chhantbar
Student Coordinator Name	Diya Patel, Krina Gajjar, Krupa Prajapati
No. of student participants	59
No. of faculty participants	10
Objectives (100 words)	The objective of this expert talk is to enlighten engineering students about the vision, reforms, and opportunities introduced by the National Education Policy (NEP) 2020, as part of its 5th anniversary celebration. The session aims to highlight how NEP 2020 transforms technical education by promoting multidisciplinary learning, flexibility in course choices, skill-based training, and industry-academia collaboration. It aims to promote awareness among students about the importance of innovation, entrepreneurship, and holistic development, aligning with the goals of the NEP. The talk will also encourage future engineers to align their learning paths with emerging technologies and national priorities, empowering them to become competent, socially responsible, and globally competitive professionals.
Benefits in terms of learning/ skill/ knowledge obtained	The expert talk on the National Education Policy (NEP) 2020, held as part of its 5th anniversary celebration, provided engineering students with valuable insights into the policy's transformative vision for technical education. Students gained a clear understanding of the shift towards multidisciplinary learning, skill-based training, and flexible academic structures. The session highlighted the importance of emerging technologies, innovation, and industry readiness, encouraging students to align their learning with future career demands. It also enhanced awareness about opportunities for research, entrepreneurship, and holistic development, empowering students to become competent and socially responsible engineers.
